

DESTINATION: HOME

INVESTING IN SOLUTIONS

At Destination: Home, we are focused on raising the funding needed to address our region's homelessness crisis, and then investing those resources into impactful strategies. In particular, we focus on making strategic early investments to build more deeply affordable housing and develop innovative solutions that reduce and prevent homelessness in our community.

\$178 MILLION

INVESTED IN OUR COMMUNITY SINCE 2018 TO END AND PREVENT HOMELESSNESS

\$97 MILLION
DIRECT FINANCIAL ASSISTANCE

\$71 MILLION
BUILDING MORE DEEPLY AFFORDABLE HOUSING

\$10 MILLION
BUILDING A MORE EQUITABLE SYSTEM

REACHING 25,000 HOUSEHOLDS

Direct financial assistance gives people power to prevent an experience of homelessness. This is why we're supporting a homelessness prevention system and piloting the first guaranteed income pilot focused on unhoused and marginalized families.

Our local prevention program is now proven to be a cost-effective way to keep people housed. The first randomized control trial on a prevention program found households are >70% less likely to be homeless a year after receiving help.

33 DEVELOPMENTS 3,300 HOMES

The housing most needed to solve homelessness - at the lowest affordability levels - is the hardest to build. So we move new deeply affordable housing from concept to reality with early low- or no-interest funds and are building capacity in local jurisdictions and nonprofit developers to boost production and reduce project timelines.

Our investments have leveraged an additional \$1.5 billion in local funding.

FUNDING 60 ORGANIZATIONS

To improve our supportive housing system, we're centering people with lived experience of homelessness and the community-based organizations working to meet their needs in our investments.

We're providing people access to their housing assistance information with the **first-of-its-kind MyConnectSV client-facing portal**, making **unrestricted grants to small nonprofits led by people of color or those with lived experience** through our Andre Ellison Equity Fund, and **giving people the tools they need to succeed in our society** through the TECH*quity* and Supportive Employment Assistance Funds.
